

\$59.99 per month – Light Plan/150GB

INFORMATION ABOUT THE SERVICE

This Broadband Service is delivered over the National Broadband Network (NBN) with broadband line interface speeds of **NBN™12**, our basic evening speed. The Typical Evening Download Speed is measured between 7pm – 11pm daily, the actual speed of your service can be impacted by factors including: number of connected devices, the number of end-users using the service, source and type of content being downloaded, quality and configuration of software and hardware, connection by Wi-Fi rather than Ethernet cable, Wi-Fi signal interference and NBN™ infrastructure available (FTTN/FTTB). NBN is only available to the customers covered within NBN’s footprint.

Bundling Requirements

In order to receive this service you are not required to bundle with other services. This service does not include a voice component. However, you may purchase an additional voice package with this service. Additional hardware may be required to support the voice package.

Service Availability

The service is not available in all areas. NBN Fibre is available only to eligible residential customers who are located in an area serviceable by ReadyNetGo.

Minimum Term

This plan is available on a month to month term.

Your broadband allowance

Your plan includes following data: **150GB** monthly data allowance – where 1GB = 1,024MB.

Your unused data allowance expires each month.

If you exceed your monthly data allowance, your broadband speed will slowed to 256kbps until the start of the next billing period. You will have the option of purchasing additional data packs once you’ve reached your monthly data allowance. By purchasing a Data Pack, you will shave off some of your usage to bring you back under your monthly data allowance.

INFORMATION ABOUT PRICING

Your minimum monthly charge and total minimum plan cost

Contract Term	Min Monthly Charge	Max Monthly Charge	Set-up Fee	Router*	Cost of 1MB of data	Total Minimum Cost
Month to Month	\$59.99	\$59.99	\$99.00	Included	\$0.00039	\$158.99

*Total minimum cost does not include optional upgraded router

Installation

You must obtain the consent of the property owner to have the NBN installation performed. If you are not the property owner, you will need to obtain the property owner’s written consent (dated and signed), and be able to provide that to ReadyNetGo upon request. The cabling that is required in your premises beyond the network termination device is your cost and responsibility, as is the provision of a suitable, permanent 240V AC power outlet.

If you’re in a new development and not already connected to the NBN, NBN Co may charge \$300 to connect your premises to the NBN. If this charge is applicable, we will include this charge on our first invoice.

Equipment Required

You will need a suitable router to use this service. The router must be a ReadyNetGo approved device. If you are a new ReadyNetGo broadband customer we will provide you with a Wi-Fi router at no additional cost. You will also have the option of purchasing an upgraded router. ReadyNetGo routers are preconfigured and provided with an installation guide. The routers provided by ReadyNetGo are:

- Make/Model: Netcomm NF10W (Basic WiFi Router) OR
- Make/Model: Netcomm NF10WV (Basic WiFi Router with VoIP) (When Voice/SIP is taken up)

CRITICAL INFORMATION SUMMARY

Early Termination Fee

Termination of your service can be requested at any time, however, your service will continue to be charged until the end of the current billing period.

Fees & Charges

If you withdraw your request for service after it has been accepted and prior to service completion you will be charged a \$150.00 order withdrawal fee.

An incorrect call-out fee will be charged if you lodge a fault and a technician visits your premises and no fault is found. The incorrect callout fee is \$135, which includes the first 15 minutes and an additional \$35 per 15 minutes of labour, billed in 15 minute intervals. It is possible that additional fault-finding works will be performed outside your premises - This time, as well as travel time between locations, may be included.

All requests for relocation of service will be processed as a cancellation and a new connection. Each request will attract a disconnection fee and where applicable a new connection fee.

OTHER INFORMATION

Usage Information

Customers can obtain information on their usage by contacting our Customer Service on 1300 827 144 or email customerservice@readynetgo.com.au

Can I change my data allowance or speed at a later date?

You may upgrade your plan to increase your speed and/or monthly data allowance plan at any time, but only once a month. This upgrade will take place within 3 Business Days. There is no fee for upgrading your plan, however you will pay the cost of the new plan for the entire billing period.

If you reduce your data allowance and/or speed, we'll move you to your new plan effective of the first of the next billing period.

Billing

If you connect to this plan partway through a month then your monthly access fee and any allowances will be calculated based on the number of days remaining in that month. This is called pro-rata billing.

IMPORTANT INFORMATION REGARDING YOUR FIRST INVOICE

Monthly access fees are invoiced in advance. On the day of your service activation, you will be billed one month in advance. Your invoice is issued on the same date each month. Each bill includes usage charges, plus the Minimum Monthly Charge in advance. On your first bill, you'll also be charged for the days left until your next billing cycle begins. You may also be charged for individual services until all those in your bundle are connected.

Statements

ReadyNetGo will provide your statement electronically to your designated email account.

How to pay for your service

You can pay for your service either by direct debit only using your credit/debit card. No additional fees apply for either transaction type.
